DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Pluta et al.

Regarding claims 1, and 3, Pluta et al., discloses a force sensing device with features of the claimed invention including a first resistor, and an oscillating generating signals circuit which is received at one of the end of the resistor which is affected by an applied external force (see for example, claim 9).

Regarding claims 2, and 4, Pluta et al., teaches the use of a capacitor which is connected to the resistor as claimed (see, for example claim 9).

- 3. Claims 5-9 are allowed over the prior art of the record, due to the provision of various controls and interface.
- 4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Art Unit: 2855

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Max H. Noori whose telephone number is (571) 272-2185. The examiner can normally be reached on Tuesday-Friday from 8:00 AM to 6:00 PM.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-0956. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306. The central fax number is (703) 827-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
